Arc Welding Machines

RMW Teaching-free Series

Robot arm span: 2116mm
Travel range of robot: 10m

- Adopt smart teaching-free control system with no need for manual teaching or programming
- Industrial welding robot with visual interface for ease of operations
- CE-compliant arc welder used to offer ultra-low spatter welding
- Four-wheel driven wire feeder featuring wire feeding & retracting and gas detection
- Support multi-layer multi-channel, intermittent, continuous curve welding and more

Model	RMW Teaching-free Series
Robot armspan (mm)	2116
Max load of robot (kg)	6
Degree of freedom of motion	6-axis
Positioning repeatability (mm)	±0.08
MIG/MAG arc welding machine	500A
Arc welding gun	500A (water cooling)
Mode of cooling	500A (water cooling)
Power supply	380V±10%, 50Hz±1
